

TRACKS WILL REDUCE PURSES

TURF MANAGERS ANXIOUS TO GET BACK OLD DIVIDENDS.

Present High Tariff Will Remain in Vogue Indefinitely, But There Will Be No Renewal of Financial Relations With the Bookmakers—Stakes For This Week.

It is understood that there will be a meeting of representatives of nearly all of the Jockey Club tracks today to decide upon a future policy as to the financial end of the game. With the wind-up of the Brighton meeting next Saturday, the turf managers are faced with the conclusion of the Belmont Park meeting, which did away with the revenue from the bookmakers and increased the admission fee to \$3, will expire. This agreement was entered into by the Brooklyn Jockey Club of Gravesend, the Coney Island Jockey Club of Sheepshead Bay and the Brighton Beach Racing Association, the same to cover the so-called "stake" meetings only. But on the other hand, the turf managers are anxious to see the increased rate of admission, the \$3 tariff of last year remaining in effect, but the revenue from the bookmakers will be cut off, which means that under the most favorable circumstances the turf managers will be lucky to clear expenses, especially in view of the enormous added money stakes which will be decided, as usual, at the Springs.

The track owners have already seen that their dividends this year under existing circumstances will not begin to equal those of a year ago. It is not natural that they should feel this loss keenly and should wish to revert to some plan to restore their prosperity. But it may be that under the circumstances a revenue of any sort accepted from the betting ring in future. That matter was definitely settled some time ago and the question has never been reopened by the turf managers, who realize that they have played racing beyond the attacks of would-be enemies. The \$3 tariff will, it is expected, remain unchanged at all tracks hereafter, though it is just possible that a uniform rate of \$2 will be adopted and the field of racing will be further reduced. There will be a general cutting of expenses all along the line, including a reduction of the overnight purses and a slicing of the big money added to various important stakes. In other words, the track owners, with the betting ring absolutely cut off from them, are planning to get things down to a rock bottom business basis, with the idea of reaping the old profits as nearly as possible.

Since the bookmakers were allowed to shift for themselves there has been a cessation of the wild assaults upon the Jockey Club which emanated from persons who had axes to grind, although they carried little. Racing as it is conducted at present is on a particularly solid foundation. It is supported by men who are prominent in the making and the enforcement of the law, together with the consent of citizens who love a healthy outdoor and a good horse. Historical stories to the effect that racing is crooked and immoral and is patronized by the worst element can be easily disproved by the view of a conservative and fair-minded person to any of the tracks, where perfect order prevails and where the officials in charge of the sport are absolute in their authority.

While many of the best horses have already gone to Saratoga, there will be some interesting racing at the Beach this week. The sportsmen will find that there has been a much better class this year than ever before. The patronage has been greater, too, and the track more popular than in previous years.

Hermis, who will probably have too much to do in the last race of the season, Thursday, an event which was won by him from Belmont last year, may not start. There seems to be an inclination on the part of the turf managers to doze the impostors handed to him by the official handicapper, the Saratoga Handicap. It is possible that Belmont may be carried by Lord of the Vale, James R. Keene's Wild Mint, who won the Seashore Handicap on Saturday, a sure thing, and a sure thing, too. E. J. Bradley's Bad News, in prime shape just now, will probably face the barrier, too. The turf managers will be sure to see that the day's racing is a success. The day's racing is a success. The day's racing is a success.

The Brighton Derby, of \$15,000 gross value, one mile and a half, will be the feature of the day. The turf managers will be sure to see that the day's racing is a success. The day's racing is a success. The day's racing is a success.

LASHINS OF GAELIC FOOTBALL.

Kildare, Cavan and Roscommon Teams Win Lively Games at Celtic Park.

"Wild roving blades" of men and colleens like "fresh strawberries anointed in cream" from Kilkenny county, had a gala time yesterday at Celtic Park celebrating the annual picnic and games of the Kilkenny Gaelic Football Association. Although the weather was not ideal, the picnic was a success, and the games were played with great spirit. The Kilkenny team, captained by John J. O'Connell, defeated the Roscommon team, captained by James J. O'Connell, by a score of 1-0. The Cavan team, captained by James J. O'Connell, defeated the Kildare team, captained by John J. O'Connell, by a score of 1-0.

There were twenty men from the Kilkenny Gaelic Football Association, who were playing for the first time in the provincial league. They were playing for the first time in the provincial league. They were playing for the first time in the provincial league.

RESULTS AT LARCHMONT.

Minneapolis Wins Series Prize—Pacers.

During the week at Larchmont six regattas were sailed. Of these three were for all classes and on the other days races of the special series were sailed. In all seventy-seven classes sailed and in these there were 22 starters. The regattas were very successful and the popularity of the sport was shown by the large attendance at each of the regattas.

POWELL AT HIS OLD TRICKS.

AS USUAL, HE WINS FROM ST. LOUIS BROWNS.

By Defeating McAleer's Braves, the New York Americans Tie Boston for Fifth Place—Philadelphia Score One Run and Three Hits in the Chicago White Sox.

St. Louis, July 23.—The New Yorks came to town today with disastrous results to McAleer's Braves, winning the game under wraps. At no time could the Browns be considered contenders. Jack Powell, who pitched for the New Yorks and had everything a pitcher should have, including speed to burn. While the locals made the same number of hits that the visitors did, yet hit when made simply meant a man left on base as a rule. The Browns were kept busy accepting seven chances, while Dougherty was Johnnie-on-the-spot in left.

The visitors got busy at the start. Conroy walked and Keeler beat out a bunt. The next two men were easy out, but Conroy crossed the plate on Yeager's single to center. In the fourth inning the New Yorks scored two hits and an out, and the Browns rolled up two more on a single, a wild pitch, a force and a sacrifice. In the second inning a sacrifice error by Williams and an out by Yeager kept the Braves in the fifth, with two down. Powell walked, George put down a sacrifice and coming home on Barry's drive to left. In the ninth inning, Powell, batting for Conroy, drove a three bagger, scored a run, and died on third, as the next three men went out in order. The score: New Yorks 12, Browns 0.
